

SCHNOUSER

POWER

**the Debris Loader
built tough**

Product & Brochure by Hiebert Design Solutions Inc

Are you plugging or sucking?

3 Models to
choose from

13 HP
Honda

18 HP
Kohler

20 HP
Kohler

patented design.

the **SCHNOUSER**

is a nozzle that will help any debris loader from surge feeding and plugging.

All our models are equipped with the following features:

- ~ Special Steel Blower that is 3/8 thick - heavy design means less slugging, so hard that several years of use show little wear. Industrial tapered shaft mount for those that are used to having there impeller come off on the cheaper and sometimes not so cheap brands!*
- ~ Electric Start with it's own battery and safety system - Stainless safety switch.*
- ~ 1/4 inch thick scroll (outer housing ring) will not rust or wear through as others do.*
- ~ Large fuel capacity, Powder Coat paint in attractive color scheme.*
- ~ the SCHNOUSER nozzle ... you can't buy a better blower!*
